When my husband and I moved into our new house I knew at some point that it'd be "sexually broken in". I didn't think I'd be doing that alone. While he's away getting the next set of boxes I've been waiting all alone with nothing to do. An hour goes by, then two, and now I'm flustered. My mind starts to wander.

Karla

I start thinking about his sweating body bent over, picking up boxes. How his muscles flex while holding the thing. Before I know it all my clothes are torn open, and I'm playing with myself in the garage.

So there I was spending my early morning at the spa. My week was hell up to that point. Days chock full of work, nights spent doing nothing. When I came in it was just me and the employees. Boy, did I need this today.

Helen

The water bubbling across my tits. The jets teasing my pussy. I was in heaven. Not ten minutes after achieving nirvana, the door opens and an employee walks in with his cock out. Between the boldness of his display and the relaxing water, I felt helpless. Soon his cock was in my mouth...

IN THE NIGHT-STAND DRAWER

The engine came to life with a grumble.

I stood there at the living room window, watching black smoke spew from the moving truck's tailpipe as it wheeled out of the condo parking lot. The crew was headed to a nearby take-out joint to pick up some lunch. I had given the guys my order and told them to leave without me. "What's the matter?" my supervisor had asked. "You don't like our company?" "I'm just tired of all," I had replied.

And this was the truth.

Ms. Stratton owned a lot of heavy furniture. We had worked our asses off, toiling all morning to get everything loaded on the truck. A few odds and ends remained, but we were definitely ahead of schedule.

Now I just wanted to enjoy a few minutes of peace and quiet in the empty house. My coworkers were a great bunch of guys and all, but enough was enough.

I walked through the place, checking each room carefully for anything we might have overlooked. I saw a few cardboard boxes in the master bedroom. Ms. Stratton had packed

Call her Ryan Cummer...

I almost walked by the 50+ issue I saw on the newsstand, but those beautiful, fleshy big boobs on the cover model stopped me in my tracks. I don't think of myself as a big boob man, but when I saw those, I just might become one. So I picked up the issue and man, was I not disappointed. Now mind you, I'm a 54 year old divorced professional who goes to work in a suit and tie every day. I haven't had a proper date in four years, so I spend a bit of time on the internet searching for lite porn to pass some time. I didn't really look for or buy magazines, until I saw Ryan.

Yeah, she's babe, all right. So I get home with the issue and after getting through the first three pictorial, I find Ryan's. I loved the pictures. What a sex bomb she is. I've looked at her layout several times a week for a month now. Everytime has been great.

– Sean H., Mobile, AL

them herself. Each box had been sealed with tape and labeled with a black marker – bathroom, nightstand, chest of drawers, etc.

"Nightstand," I muttered, peering at the smallest box on the floor.

Curiosity piqued, I whipped out my pocket knife and knelt beside the box. Resealing the thing posed no problem as we had plenty of tape on hand; nobody would ever know. Of course I shouldn't have been nosing around in her stuff. This was a major invasion of Ms. Stratton's privacy, the kind of thing that would surely get me fired.

Only if you get caught, I reasoned.

And there was no risk of that.

Hell, I had the house to myself.

I sliced the tape with mounting excitement, riffling through the old newspapers she had used to protect her stuff. It didn't take me long to find what I was looking for. Ms. Stratton's dildo was top of the line.

Holding the glass phallus, turning it this way and that, I imagined its owner sprawled on the bed we had moved that very morning, moaning and groaning as she worked the toy in and

out of her pussy.

"Nice, isn't it?"

The voice jerked me out of my reverie. I turned around, receiving the shock of my life. It was Ms. Stratton! I was busted!

She stood in the doorway, arms crossed, wearing a bemused expression. Embarrassed, even ashamed, I wanted to disappear right then and there. Heat flooded my face. I dropped the dildo in the box.

"I'm so sorry, Ms. Stratton. I was just—"

"Curious?"

I clammed up for a few seconds. Then, "More or less."

Ms. Stratton entered the room. She was wearing a white tennis outfit replete with visor and skirt. I couldn't help but stare at her nicely toned legs. Countless hours on the court had kept her in tiptop shape. As a college soccer player, I could definitely relate to her active lifestyle. She had to be in her late thirties, perhaps early forties. I hoped to look half as good as she did when I reached that age.

"Well," Ms. Stratton said, "that makes two of us. I happen to be quite curious about you. I must admit I was surprised when I saw you this morning. It's not everyday that you see an attractive young lady working for a moving company."

"I'm just doing this for the summer," I told her. "I'm in school."

"You look like an athlete."

"Soccer player."

"I should've known." Ms. Stratton moved across the floor with catlike grace, stopping when she reached the master bathroom. "Soccer players make me hot."

She had all but given me an engraved invitation.

Still, I wanted to be absolutely certain.

"Am I making you hot, Ms. Stratton?"

"Hot," she said, "and wet."

I retrieved the dildo and joined her in the bathroom.

Ms. Stratton hopped on the countertop, depositing her shapely ass on the marble surface while I pushed her knees apart. She pulled her skirt above her hips, exposing a matching inner liner. I pushed this to the side, gaining access to her moist crevice.

I licked her pussy, lapping it hungrily. Ms. Stratton cooed and whimpered, loving every minute of it. I

nibbled her puffy pink lips, then sucked her clit, driving her insane with pleasure. Intent on intensifying her experience, I slid a finger into her asshole, plunging it in and out as I continued to service her with my mouth.

This went on for a while; until Ms. Stratton asked for the dildo. At first I thought she wanted me to use it on her. But no; she was eager to do me.

Heart hammering with excitement, I wriggled out of my blue work pants, leaving these and my cotton panties in a heap on the floor.

Ms. Stratton told me to bend over the tub. I did just that, leaning over the porcelain rim. My ass was framed perfectly for whatever she had in mind. She spread my firm cheeks with both hands, opening me for a thorough probing. Her tongue varnished my

slit, sliding up and down its length, before flicking across my starfish.

I knew what was coming next. Thankfully she didn't make me wait too long. The dildo entered my backdoor, stretching my tender flesh slowly, sliding deeper and deeper. Then the pounding started in earnest. Ms. Stratton pumped the toy in and out of my pooper, fucking my ass good and proper until I came.

The guys returned with lunch. I joined them outside to eat. The food was rather lackluster. But I didn't feel slighted, not in the least.

The appetizer had hit the spot!

— Trevor T, Michigan

REUNION

I never really understood reunions. A friend of mine had been trying to get me to go to our high school reunion for years before I finally went just to shut him up. I didn't know what to expect when we got there, but it turned out to be one of the best decisions I ever made.

At first, it was just awkward. Meeting old friends who I'd lost contact with, and I quickly realized that there was probably a reason for most of them. But then, from across the room, I saw her.

Melissa had always been the popular girl in high school. Cheerleader with brown wavy hair that drifted down to her shoulders, tall, perpetu-

ally tanned, and with a smile that always seemed to light up her deep golden eyes. Even from across the room, I could see that time did next to nothing on her. My first crush still looked as amazing and beautiful as she had then.

I swallowed back the instant wave of nerves that washed over me, trying to find someplace to hide and not really finding anything. She was scanning the room, and I half did and didn't want her to catch my eye, most afraid that she wouldn't remember me at all. I never worked out the courage (or the timing) to ask her out in high school, and now... now, I wasn't quite ready for what came next.

She spotted me and that same smile came across her face for the moment before she continued scanning the room. I wasn't sure how much it meant, or even if it meant anything, but at least she remembered. My friend abandoned me as soon as he spotted Melissa, leaving me to fend for myself. I downed a drink from the bar before getting two more, and without thinking, made my way over to her.

As I approached, I offered her the extra drink, and we started talking. She had built a business for herself and held herself as every bit the strong, confident woman who I crushed on so long ago. There was something different now. The way she laughed, there was something there that lit up her eyes like I'd

never seen before. And as I got her out on the dance floor, she leaned over and whispered in my ear that she was glad I'd come that night. Because she'd always had a crush on me and had always been too shy to say something before.

I didn't fully believe her at first, but the way she danced quickly put my questions away. As she leaned in to kiss me, I returned it without question, ignoring everything else around me. It was like time reversed, leaving us back then when nothing mattered.

I don't remember which one of us suggested we get out of there first, but the other immediately agreed and we hurried

to her car. As soon as the doors shut, she was on me, diving over the center console and pressing me back against the window, making out with me fiercely.

Even though I was surprised by how aggressive she was, I didn't want to stop her. I loved the feeling of her pressed against me, and couldn't help but give into feelings I'd long since thought I'd never have. Furthermore, as she leaned back to give me some air, I looked into her eyes and realized that she was far better than I ever could've imagined.

Those eyes were distracting, and as she had me hooked with them, she managed to undo my pants. Her smile turned

wicked as she leaned down and before I realized it, her mouth was swallowing my swollen package. I couldn't help screaming out, and she quickly reached up and covered my mouth for me. I calmed down, even as she got more aggressive with my cock, making out with the head, teasing the shaft, and letting her tongue lash around my balls! I let my hands move toward her head, running my fingers through her smooth, soft hair as she picked up a rhythm.

My cock throbbed and my hips squirmed under her. She kept our eyes locked as I gritted and groaned. With each throb, she tugged my balls, a little harder, pushing me to hold on a little longer. But even that couldn't last forever as I finally exploded, one load deep in her throat, and several more all over her face. She took her time, licking and scooping all of it with a passionate desire.

After I calmed down and she cleaned herself up, she pulled out of the parking lot and drove us a short distance to her house, where she beckoned me inside to help her clean up.

Julia Ann may not look like she's the typical suburban housewife. She's a down and dirty fuck doll who will do anything to get her man off. And we mean anything. "My attitude is that if you're there to fuck, then anything goes. That means it's gotta be from both partners. This may sound a bit weird, but I love penises.

The Claws Come Out

OVER-SEXED OLDER WOMAN LIKES CHAMPAGNE FOR BREAKFAST - CAVIAR FOR LUNCH - AND YOUNG GUYS FOR DINNER

When you've got enough money you can afford to have a few habits that would seem quite decadent to a person of more modest means. As for me, I happen to like champagne for breakfast, caviar for lunch—and young men for dinner.

Jonathan, my late husband, claimed that my quenchless thirst for young guys was merely an attempt to regain a lost youth. My explanation is much simpler: I have to meet a man of my own generation who can satisfy my constant hunger for sex.

In the past, I've always chosen my lovers from the prep school that bears Jonathan's name. They were always very handsome and intelligent boys from very fine families who also happened to have that one most important requirement—a bulge in their pants that would put a stud horse to shame.

That routine was changed last summer when Richard came to the estate for an extended visit. Richard is my best friend's only child. Instead of marrying into our social set like I did, Charlotte decided to move to Texas and marry a struggling young rancher who reminded her of Chris Pine.

Charlotte's family thought that it was a terrible tragedy to have the only male heir to their family fortune raised like a common cowboy. Since they had long ago broken all ties with her, they approached me about taking the young man in for the summer to teach him how "the better" half lived. Charlotte balked at the idea, but Richard was old enough to

make up his own mind. Besides, he had liked what he had seen during his brief visits.

At the start, my goals were strictly humanitarian. I was going to teach him some manners befitting his heritage. Hopefully, he would forsake his mother's crude style of living to bring some dignity back to his family. But when Richard arrived, after an appraisal of his lean body—his mop of curly brown hair, his steely blue eyes and his bulging crotch—I started getting other ideas. I could almost see what had attracted my friend

to his father.

My first hint that Richard had the same thoughts that I did came on his second day there. I had arisen earlier than usual and was taking my daily swim (sans bathing suit) in the pool. I pulled myself out of the water and started to wrap a towel around my naked body, when I glanced up and saw him staring at me from his bedroom window. I couldn't see below his waist, but from the way his arm was moving I was sure that he was stroking his cock as he admired my sun-bronzed body.

I decided to give him a real show. I spread the towel on the ground and stretched out on my back to soak in the sun's rays. I reached for a bottle of lotion and started smoothing it over my whole body. I rubbed the cream into my firm round breasts, slowly and sensuously, pausing to knead and roll my huge brown nipples into long hard points. I continued down over my flat stomach, and then my hand

My knees began to go weak with the anticipation of what was about to take place. By the time I had settled into the huge glove leather sofa, my sex juices were gushing out of me...

was reaching down into my neatly trimmed pussy. I rubbed the warm lotion into my wet and aching slit until my cunt lips were swollen with desire.

When I looked up again, I could see Richard's arm moving even faster. Then a look of supreme satisfaction came over his face and he disappeared from the window.

I didn't see my young guest again until dinner. Neither one of us said a word about seeing each other that morning. But I knew that Richard's piercing eyes were seeing right through my flimsy summer dress and that he was remembering every freckle on my golden brown body.

I had Andre, my butler, serve us at a small table on the patio. After we had finished, Andre refilled our wine glasses and left us alone in the waning sunlight. Richard was getting slightly tipsy from the wine, and he wasn't succeeding very well in hiding his lusty stares at my tits. I hadn't worn a bra (or panties, for that matter) and my nipples were tenting out the front of my dress like two huge rubies. I learned when I was very young that the quickest way to a man's hard-on is the knowledge that the lady of his desires is totally naked under her ever-so-chic and expensive dress.

We made small talk about plans for the next day, including a tennis lesson. The poor boy had never been on a tennis court in his life. "You simply must learn how to play tennis if you're going to survive in this world," I said while slipping off one of my pumps and gently placing my foot in Richard's lap under the linen tablecloth. His dick instantly jumped to life as my toes slowly moved up and down his long thick organ.

This boy had a lot of the old blue blood ways in him despite his crude upbringing. Most boys would have grabbed for me and taken me right there on the patio. I know. It's happened more than once. Richard just smiled at me and reached down to massage my sexy toes. "Yes, Rachel," he said, trying to disguise that dreadful Texas drawl, "I simply must learn to play tennis."

We were both breathing hard by this time and I rang the butler and asked him to serve brandy in the study. I could feel Richard's eyes burning through the thin fabric of my dress as he followed me. My knees began to go weak with the anticipation of what was about to take place. By the time I had settled into the huge glove leather sofa, my sex juices were gushing out of me and dripping down my thighs almost to the tops of my ankles.

I dismissed the butler with a smile and turned to toast Richard. "To a very long and hot summer," I whispered as our snifters touched. This boy wasn't shy like some of the others had been. He smiled and said, "To a very long and extremely hot summer."

Our drinks were barely touched before my hand was on Richard's muscular thigh. He moved closer and took me into his arms. Richard had most definitely had some previous experience with girls. He knew all the right buttons to push. His lips covered mine and his tongue slipped into my mouth as I groped to free his cock. His hand slid under my dress and started stroking the smooth skin of my thighs, inching closer and closer to my pulsing cunt until his fingers were spreading my pussy lips wide and exploring gently and lovingly in my musky tunnel. His other hand had unbuttoned the front of my dress and was moving expertly over my breasts, teasing and twisting my stiff nipples.

I managed to pull his swollen cock through his fly and I kissed and licked the bulbous tip. I opened my lips wide and slid down over the hot flesh as I heard Richard murmur, "Mom said that you would

probably try and teach me to be a gentleman. If this is what it's all about, I think I'm going to like it..."

I relaxed my throat muscles and took his gigantic tool all the way in until my face was buried in his crotch. I sucked and licked him to the very edge of eruption as he lifted my skirt to my waist and teased around my puckered asshole while I squirmed in delight.

I left him standing straight and proud as I got up and let my dress fall in a puddle around my feet. I posed for him in my pearls and my panties, twirling to let him take in every inch of my hard trim body.

"Isn't that a little better than jeans and cowboy boots?" I asked as I straddled his lap and slid down over him.

"I never did like cowboy boots," he grinned. Then his hands were around my waist and he was pushing me down onto him as I bit my lip to keep from screaming out. Richard did all the work as I closed my eyes and threw my head back to enjoy every second, every inch of our coupling. His teeth nibbled at my nipples as he lifted me up and down his marvelous pole, until I could feel the waves of orgasm building to a crescendo in me.

All of a sudden, my head was spinning and my whole body was on fire as I climaxed from the friction on my clit. I collapsed onto my horny young cowboy's chest, fighting for breath. But this time I had met my match. Unlike some of the 30-second wonders from the prep school, Richard was still as hard as a rock and he was still pushing my satisfied but sore cunt up and down his tireless dick. I begged for him to stop, but he knew that I didn't want him to any more than he wanted to—or could.

His lips were brushing lightly over my nipples and my cunt was heating with lust again. I felt his whole body tense and then it felt like a fire hose had been turned on inside me. His hot cum filled me to brimming as he kept shooting and shooting. The thick cream ran out of my cunt and down my thighs. Then I was coming again and everything went black for a few minutes.

I fell asleep immediately after finally struggling up to my bedroom that night. I had never been more exhausted or more satisfied. When I awoke the next morning, I examined my body in the full-length mirror. My already huge nipples were swollen to twice their normal size from Richard's hot lip action and my pussy lips were puffy from his cock.

I put on my robe and made my way down to the pool. I jumped into the soothing water and pulled myself up onto an air mattress, letting the sun heal my sex-ravaged body as I daydreamed about Richard's dick.

I was startled out of my fantasy by a yell that sounded like something from a bad western movie. I looked up to see my best friend's son leaping into the pool. He landed in the water with a splash that overturned the mattress. Richard swam up to me and, with a big grin, said, "Sorry about the 'yahoo!'"

Then he dropped under the surface of the water, kissing my aching body all the way down until he came to my pussy. He held his breath and I gasped for mine as he kissed and probed my rapidly heating cunt with his tongue. Then he was up spitting

water and his cock was slipping into me. We fucked long and luxuriously while we treaded water to stay afloat.

After he had brought me off, I swam to the edge of the pool and he sat on the concrete above me. I took his wet stick between my lips and sucked and licked him to an explosion that had me choking in an effort to swallow every drop of his sweet cum.

Needless to say, we never did get around to those tennis lessons that day—or the next day!

When I saw an ad for a bridge club looking for "open minded girls only," I had to look into it. They met every week, and there wasn't anything suspicious at first. Everyone was easy-going, and they had a lot of inside jokes. At the end of all the games they talked about an additional meeting on the weekend. I asked where that would be. "We'll call you, if you're invited."

Let's Party

The day before I got the call, I came to the house and the door opened by one of the members – naked. I thought they were nudists – till we all started fucking. What a party!
